Just FYI. These are much better, but it was like pulling teeth, the same tooth over and over again. Next I'll try to get them to avoid using 4 sig figs when presenting dietary risks.

Subject: Revised slides for Aldicarb - DD briefing

Hi Team,

I'm sorry for the late update on the slides. Soon after the meeting, we learned that the RD/IO wanted the slides earlier this afternoon. We tried to capture some/most of the discussion points from the meeting this morning; however, there was not time to go into the depth suggested and there was no time for further team review.

Attached are the slides that were sent forward. As usual, the RD/IO is reviewing the slides and has reserved the right to make last minute changes.

Additionally, we have not heard anything yet on the timing of the AA briefing, but will let you know as soon as we do.

Thanks.

Debra
